

PRIME MINISTER • PREMIER MINISTRE

March 2017

Dear Friends:

I am pleased to extend my warmest greetings to everyone participating in National Engineering Month in March 2017.

National Engineering Month, the largest national celebration of engineering excellence, provides an opportunity for all Canadians to recognize the valuable role engineers play in making our world safer, more efficient, and sustainable. Those attending this year's events, with the theme "Engineering – A Place for You", are sure to benefit from the information presented.

I would like to commend the members of Engineers Canada for reaching out to young Canadians and drawing attention to the tremendous career opportunities available in the engineering profession.

Please accept my best wishes for a memorable month of events and continued success.

Sincerely,

The Rt. Hon. Justin P.J. Trudeau, P.C., M.P.  
Prime Minister of Canada
